Let's collaborate, learn and share knowledge in this field for a safer and more informed society. We welcome all of you from the African Continent. I thank you all for being a part of this endeavor, thank you for choosing JJTC/ICDMFS

Dr. Stacy Nwodo-
Lead Consultant

OVERVIEW OF THE TRAINING

Fraud is a common phenomenon that can affect any individual and public entity when it is not given the proper attention it deserves.

Fraud against the government's programmes can result in an erosion of trust in the government and its activities and this can lead to loss of economic reputation and international investment and support.

This is particularly true when fraud is facilitated by corruption.

Secondly, when a public establishment fails to handle fraud properly it becomes vulnerable to the eyes of the anti-fraud agencies with its attendant incessant visits which may not only lead to distractions of the operations of the organisation but ridicule it and give it a bad reputation before the public.

It is against this backdrop that the JJTC Consulting Ltd and the International College of Disaster Management and Forensic Studies as a firm committed to high-quality and value-for-money training has organized for your staff this capacity Development training on the Role of Forensic in Fraud Investigation and Prevention in the Public Sector in Aburi, Ghana.

John Yusuf, Ph.D
Director Training

TRAINING MODULES

THEORY

THE PREMIUM PRACTICAL FORENSIC ACADEMY- JJTC/ICDMFS

Why Choose Us

Prior to the establishment of ICDMFS as a registered Disaster Management and Forensic College offering theoretical and practical training in Disaster Management, Fraud Prevention/Investigation as well as Forensic Studies, ICDMFS consisted of international lead consultants in different fields of Forensic and Fraud Investigation as well as Disaster Management beginning in 2019 with JJTC CONSULTING Limited. During that time ICDMFS offered practical Certification programs in basic and advanced courses and conducted executive training in Crime Scene, Question Document and Graphology, Serology and DNA analysis, Dactyloscopy/Fingerprint analysis, Cybersecurity and Digital Forensics, Firearms and Ballistics, Arson, Forensic Medicine, Nursing, Odontology , Psychiatry, Pathology, Psychology, Accounting & Auditing, Disaster Victim Identification (DVI), Fraud Investigation and Prevention , Business Development etc. and short courses in Disaster Resilient Leadership Training. The College is a training Center for the following Certification professional institutes: International Academy for Certified Disaster, Emergency, Criminology and Forensic Professionals- IACDECFP-UK, International Institute of Certified Forensic Investigation Professionals (IICFIP, USA), and International Academy of Forensics (IAF). These programs are run in collaboration with the Nile University Department of Criminology, experts from EFCC, the Nigerian Police Academy, Ghana Prisons Service, Ghana Police Service, Charisma University between 2018 and 2023. The lead Facilitators have played a role in the development of expert skills in the training of faculties in Charisma University- Turks and Caicos , Nasarawa University, Nile University in Nigeria, and Knutsford University, Kwame Nkrumah University of Science and Technology University of Ghana(KNUST), University of Cape Coast, etc for forensics, criminology, Fraud Prevention and Disaster Management. Currently ICDMFS with its consulting firm JJTC has trained participants from :Guyana, Jamaica (South America), Nigeria, Ghana, Eswatini, Botswana, Uganda, Gambia, Liberia, Cameroon, Rwanda etc.(Africa) , India, UK, U.S.A, Italy, Canada, Dominican Republic, Togo, Cote D'Ivoire , etc. We shall continue to deliver the highest standards of practical training in the field of Forensics, Fraud Prevention/ Investigation, Disaster Management and Criminology.

Dr. Lawrence Kofi Acheampong
Director International Affairs
ICDMFS

★ PARTNERSHIP/ COLLABORATION ★

The International Academy for Certified Disaster & Emergency Management, Criminology and Forensic Professional (IACDECFP-UK)

The International Academy for Certified Disaster & Emergency Management, Criminology and Forensic Professional- (IACDECFP-UK) is an international Certification Academy founded in the quest for the demand of professional competent based Certification with the practical technological innovation to serve as a platform for human resource development, training, research, documentation, and policy advocacy.

The general view in the UK and beyond is that many of the nations lack credible Certified expertise in Disaster & Emergency Management, Criminology and Forensics.

The use of the right forensic analysis in solving crimes is lacking with lack of professional standardization.

IACDECFP-UK is therefore a unique international Academy with the needed experts to provide pragmatic solutions to the perceived inadequacy in Disaster & Emergency Management, Criminology & Forensic Professionals in the UK, and other Continents.

IACDECFP-UK is a registered international Certification and public research as well as capacity building Academy with headquarters in UK, with training Centers in Abuja, the capital city of Nigeria, and representations in the USA, Guyana, Jamaica, Ghana, Congo, Sierra Leone, Liberia, India, Uganda, Gambia, Eswatini, Cameroon etc.

It is manned by internationally certified experts in the field of Disaster & Emergency Management, Criminology and Forensics.

The academy main partnership is with JJTC CONSULTING Limited and the International College of Disaster Management and Forensic Studies- (ICDMFS) as it's training Centre.

ABOUT N-HYPPADEC

The Hydroelectric Power Producing Areas Development Commission was established by an Act of the National Assembly to address ecological challenges from the operations of Hydroelectric Dams.

Mission

To harness resources in the most transparent, acceptable and cost-efficient manner towards ameliorating the negative effects of hydroelectric dam operations in HYPPADEC member states

Vision

To bring equitable and sustainable development that will impact positively on HYPPADEC member states

Core Responsibility

The Hydroelectric Power Producing Areas Development Commission is charged with the responsibility of formulating policies and guidelines for the development of hydroelectric power producing areas and managing ecological menace due to operations of dams and other hydroelectric power activities

THE HOSTING COUNTRY

Ghana is officially the Republic of Ghana, is a country in West Africa. It shares borders with Ivory Coast in the west, Burkina Faso in the north, and Togo in the east. Ghana is located on the Gulf of Guinea, a few degrees north of the Equator. It spans an area of 239,535 km² (92,485 sq mi) and has an Atlantic coastline that stretches 560 kilometres (350 miles) on the Gulf of Guinea in the Atlantic Ocean to its south. Dodi Island and Bobowasi Island are near the south coast. It lies between latitudes 4°45'N and 11°N, and longitudes 1°15'E and 3°15'W. The prime meridian passes through Ghana, specifically through Tema. Ghana is geographically closer to the intersection of the Prime Meridian and the Equator than any other country, since this point, (0°, 0°), is located in the Atlantic Ocean approximately 614 km (382 mi) off the south-east coast of Ghana. Ghana spans diverse biomes that range from coastal savannas to tropical rainforests. With over 32 million inhabitants, Ghana is the second-most populous country in West Africa. The capital and largest city is Accra; other cities are Kumasi, Tamale, and Sekondi-Takoradi. Ghana is a multi-ethnic country with linguistic and religious groups; while the Akan are the largest ethnic group, they constitute a plurality. Most Ghanaians are Christians (71.3%); almost a fifth are Muslims; a tenth practise traditional faiths or report no religion. Ghana is a unitary constitutional democracy led by a president who is head of state and head of government. For political stability in Africa, Ghana is among the first five countries in Africa. English is the official language of Ghana. Additionally, there are eleven languages that have the status of government-sponsored languages. Of these, Asante Twi is the most widely spoken. Because Ghana is surrounded by French-speaking countries, French is widely taught in schools and used for commercial and international economic exchanges. Ghanaian cuisine includes an assortment of soups and stews with varied seafoods; most Ghanaian soups are prepared with vegetables, meat, poultry or fish. Fish is important in the diet with tilapia,

THE HOSTING COUNTRY

roasted and fried whitebait, smoked fish and crayfish, all being common components of Ghanaian dishes. Banku (akple) is a common starchy food made from ground corn (maize), and cornmeal based staples kɔmi (kenkey) and banku (akple) are usually accompanied by some form of fried fish (chinam) or grilled tilapia and a very spicy condiment made from raw red and green chillies, onions and tomatoes (pepper sauce). Banku and tilapia is a combo served in most restaurants. Fufu is the most common exported Ghanaian dish and is a delicacy across the African diaspora. Rice is an established staple meal across the country, with various rice based dishes serving as breakfast, lunch and dinner, the main variants are waakye, plain rice and stew (ate with kontomire or tomato gravy), fried rice and jollof rice. Ghana has a universal health care system strictly designated for Ghanaian nationals, National Health Insurance Scheme (NHIS), is designated for Ghanaian nationals. Life expectancy at birth in 2020 was 71 for a female and 65 for a male.
